Forecast for Thursday 27 Aug 2020

Weather: Cloudy through most of the day, with the chance of some patchy drizzle at first. Most likely turning dry across the Aberdeenshire hills, but further south likely to see patchy rain through much of the day, most persistent across the Ochils. All ranges becoming dry in the evening.

Chance of cloud free mountain/hill tops above 800m: Some cloud possible on summits, most extensive in the south. Cloud thickening and lowering in the evening.

Visibility: Mostly very good once low cloud has lifted.
